但…  
希望你**有得揀**+**懂得揀**

# 選擇，理性先行...

- 興趣
- 能力
- 與未來理想職業的相關度
- 師長/家人/朋友的建議和想法
- 收生/入職要求
- 學科/專業前景
- 院校/課程/職業的「光環效應」?
- 其他...

# 什麼是「興趣」？

我有興趣做幼師

我有興趣讀設計

我有興趣做  
YouTuber

## 好奇 vs 興趣

### 興趣...

- 主動參與、學習、了解相關知識
- 投入精神時間相關活動
- 成果/表現得到認同
- 「唔比錢我都會做！」
- 興趣 ≠ 職業，但...

能投身你有興趣及能力的專業，  
有理想發展的機會更高

# 少犯一些錯，你就贏！

1. 聯招三錯：沒以興趣選科、沒準備入學面試、沒定期查電郵
2. 不符合基本入學要求 / 優先條件  
e.g. 沒有修讀M1/M2 (而數學未達LV5)卻選了EduHK數學教育
3. 通訊資料 ( 電郵、電話 ) 不正確
4. 沒有依聯招日程提交/確認申請資料；用Google Translate閱讀申請說明，誤會申請要求
5. 集中於「收生成績高且熱門」/「三大」課程
6. 大部份選擇的課程收生人數太少  
e.g. 所選課程超過一半收生少於20人
7. 完全不選SSSDP、HKMU、HD
8. 太輕易decline offer ( 放棄取錄 )、quit U...

## SMART CASUAL

by Buzz Classroom

### Tips:

- Color of clothes** Not more than 3 colors for your whole outfit
- Style** Clean and neat
- Perfume** Not too much to avoid an impression of "not-so-serious"

### Men

- Beard** Remove beard to look clean
- Bags** Suitcases are better than backpacks
- Shoes** Black and brown leather shoes

### Ladies

- Make up and nail polish** No sharp color. Flesh-color yes!
- Bags** Not too fancy and no kid items
- Shoes** No fancy shoes (open toes or sharp color)

### R : So basically, what kind of clothes should generally be avoided?

P : Like what I have mentioned, the most important point is that we should never let ourselves dress like the outliers of the occasions. Take cocktail party as an example, for companies like insurance or banking, what we need is cleanliness, tidiness, maturity and professionalism; for companies in the creative industry like advertising or fashion, your stylish outfit may however draw their attention. So the thing is that you should dress right in the right occasion. Another point to note is that we should not put on any kids' items, e.g. teddy bear ties to avoid a childish image.

### R : How about accessories? Any things we should be aware of?

P : If you want to wear a scarf, pay attention to the quality of the fabrics, textures, styles and colors. Only a finely-made scarf may upgrade you. Other accessories follow the same rule. It is crucial to dress yourself mature and serious. Show that you understand their corporate culture. But do avoid wearing too many accessories like you are going to lead a fashion show.

### R : Shall we blend in and choose black suits like everyone does instead of other colors?

P : There are actually many colors to choose from: Grey, dark blue...you name it! But do avoid some very sharp and shocking colors. There is no need to wear these alienated colors to stand out. The key point is a harmonized combination of outfit which makes you look smart and confident.

### Take-away :

Always try to dress yourself mature and professional. Match your smart casual outfit with the occasions and the culture of the companies. Show that you understand their worlds!

It has always been a tough call when you are asked to get dressed in "SMART CASUAL". For Business Attire, we could simply divide it into two categories, namely Business Formal and Smart Casual. Most of us know how to get dressed formally, but when it comes to the magic term of "Smart Casual", we are not that smart! In the coming Fall semester, there would be numerous occasions in which we have to follow the dress code of the ambiguous "Smart Casual". In order to avoid any inappropriate dressing, let us all listen to what tips Priscilla (our image consultant on page 7-8) has to offer.
