Appendix 1: Records of Programmes/Activities by HKACMGM (2025-2026)

A. Guidance and Career Guidance-related activities

	Event/Programme	Event date/period	Brief descriptions of objectives	Collaborator(s), if any	Updates/Evaluation
A1	JUPAS Seminar 2025	31 Oct 2025	To provide updated information in JUPAS system	JUPAS Office & universities	Around 100 and 400 participants attended the event on-site and online respectively. The event was well-received among career teachers, especially the part of Chun Yan and Esther looking into the phenomenon of 'level inflation' resulted from non-day school candidates. Information pack was created and uploaded on HKACMGM websites for career teachers' reference. https://www.hkacmgm.org//?p=4116
A2	Summer Career-related Experience Scheme Closing Ceremony 2025	1 Nov 2025	To provide students with real-world work tasting experience	EDB	96 participants submitted reflection videos. The preparation stage in July and August was not smooth, therefore the closing ceremony was postponed to November. In the closing ceremony, students showed substantial personal growth in their sharing. It is hoped that more new organizations will join SCRES, with the invitation to (Affiliated) ExCos to contact at least one new organisation.
A3	Videos on IG/FB channels	25-26 school year	To disseminate career and guidance information with new methods	HKU and HKEAA for some posts	Career information will continue to be disseminated and HKACMGM events will be promoted through posts and stories.
A4	JUPAS Seminar 2026	30 Oct 2026		JUPAS Office & universities	Around 100 participants (face-to-face) and 780 online participants attended the event. It was well-received among career teachers. Like last year, the DSE data analysis of Chun Yan on performance of day school and non-day school candidates as well as Esther's insights on how schools should strategically prepare their students with career guidance support (e.g. early release of predicted level) were the highlight of the seminar. This year, facilitators of the first session tried to draw UGC-participating universities' attention to how a rising proportion of non-JUPAS candidates taking up UGC-funded degree places might cause a direct impact on the pathway of DSE candidates from non-day school candidates. Information pack was created and uploaded on HKACMGM websites for career teachers' reference: https://www.hkacmgm.org/?p=4197
